

Arizona Annual Water Rights Activity /Summary Report Format

FIELD OFFICE:		
	FY 2001	Total
1. Number of surface water rights applied for through the state appropriative process, <u>not including adjudication claims</u> . Tally "A", "B" and "C" items separately. A. Applications "33's", "4A's", "3R's" B. Statements of Claim "36's" C. Stockpond Claims "38's"		
2. Number of well permits ("55's") applied for through the state appropriative process, not including adjudication claims.		
3. Number of adjudications that are currently ongoing.		
4. Number of surface water right claims filed in ongoing general adjudication(s).		
5. Number of well permit claims filed in ongoing general adjudication(s).		
6. Number of protests filed in opposition to BLM applications <u>within</u> ongoing general adjudication(s). Protests filed in opposition to a specific type of application (e.g., a stockwater application) count as a single protest despite the fact that it may involve numerous applications.		
7. Number of protests filed by the BLM against other parties <u>within</u> ongoing general adjudication(s).		
8. Number of protests filed in opposition to BLM applications <u>outside of</u> ongoing general adjudication(s). Protests filed in opposition to a specific type of application (e.g., a stockwater application) count as a single protest despite the fact that it may involve numerous applications.		
9. Number of protests filed by the BLM against other parties <u>outside of</u> ongoing general adjudications.		
10. Number of instream flow rights applied for by the BLM within the state appropriative process.		
11. Number of instream flow rights applied for that only involve the BLM as a partner or as a resource adviser (i.e., the BLM does not hold the instream flow right but has been involved in the instream flow quantification process).		
12. Number of perfected/certificated/decreed instream flow rights held solely or jointly by the BLM.		
13. Number of PWR 107 Federal Reserved Water Right claims filed in an adjudication or asserted by the BLM through notification of the appropriate state agency.		

FIELD OFFICE:		
14.	Number of the asserted/claimed PWR 107 Federal Reserved Water Right claims recognized by the state.	
15.	Number of Non-PWR 107 Federal Reserved Water Right claims filed in an adjudication or asserted by the BLM through notification of the appropriate state agency.	
16.	Number of perfected/certificated/decreed Non-PWR 107 Federal Reserve Water Rights held by the BLM	
17.	A. Number of surface water rights/well permits acquired by the BLM due to lands actions such as exchanges, transfers or acquisitions. B. Of those acquired rights, how many need to be amended (to correct a legal description, change the use, etc.)?	
18.	A. Number of surface water rights/well permits relinquished by the BLM due to lands actions such as exchanges, transfers or sales. B. Of those relinquished rights, how many were for PWR 107 claims?	
19.	Number of water sources inventoried.	
20.	Total number of all types of perfected/certificated/decreed water rights held by the BLM.	
21.	Estimate of how many surface water sources on the BLM still need applications filed?	
22.	Estimate of how many wells on the BLM still need to be registered?	

Narrative: Please provide a brief description of the water rights-related issues in your field office.
